EU SME Centre enters new partnership with Enterprise Ireland

On 3 November 2021, the representatives of the EU SME Centre (the Centre) and Enterprise Ireland signed a new Memorandum of Understanding (MoU). This is the first partnership agreement signed with Enterprise Ireland and it proves the commitment of both parties to work together and create synergies to support Enterprise Ireland and those Irish SMEs interested in the Chinese market either via trading or via the establishment of a legal entity in the country.

We welcome this new partner and we are looking forward to being at the service of Enterprise Ireland and its member SMEs. The EU SME Centre in close collaboration with Enterprise Ireland will prepare a series of joint actions of the interest of the Irish business community to be implemented in the coming months.

To get notified about our upcoming events organised be sure to register on the Centre's website, follow our social media and subscribe to our mailing list to get any updates sent directly to your inbox. All these actions are available free of charge, as all the services the Centre offers.

If you are a business support organisation in the EU or the COSME-participating countries and have affiliated companies interested in the Chinese market, please contact our Partnership Coordinator to obtain further information about partnerships and collaborations. The EU SME Centre offers a wide range of complimentary services to partners and affiliated SMEs to improve their readiness to the market.
