

SMEC 2023
中国·济南 Jinan, China

中德(欧)中小企业交流合作大会

Sino-German (European) SME Communication & Cooperation Conference

智汇中德 | 赋能未来

Smart Synergy to Empower the Future

邀请函 Invitation

hosted by the Ministry of Industry and Information Technology (MIIT) and the People's Government of Shandong Province, and organized by the People's Government of Jinan and the Department of Industry and Information Technology of Shandong Province, the Sino-German (European) SME Communication & Cooperation Conference (SMEC) has been successfully held for six sessions since 2015.

The SMEC has a profound impact on exchanges and cooperation between Chinese, German and European SMEs, with an expansive scope covering whole Europe. Fruitful results have been achieved in project match-makings, industrial cooperation, exchanges in technology and other fields.

The conference plays an important role in further implementing a development concept of ecological empowerment, increasing attraction of international businesses and investment from Germany and Europe, strengthening a reciprocal exchange and cooperation between Jinan, Germany and Europe, as well as accelerating the shift of growth drivers from old to new in Shandong Province.

In order to continuously advance international exchanges and cooperation between SMEs from China, Germany and Europe, the 2023 SMEC themed "support enterprises of all sizes in pursuing development through collaboration with each other" will continue to take place from September 21st - 22nd 2023 in Jinan.

Representatives of the Ministry of Industry and Information Technology, Shandong provincial and Jinan municipal government will attend the conference for exchanges and discussions with local and international participants.

We sincerely invite you to the 2023 SMEC with business, political and academic elites from all over China and Europe.

We are looking forward to your participation!
